VOLUME XLI — UKIAH CITY, MENDOCINO COUNTY CAL., FRIDAY MORNING, APRIL 8, 1910 — NUMBER 25

GOOD ROADS DAY A BIG SUCCESS

The "Good Roads Day" which was set aside by the Ukiah Auto and Good Roads Club has proved a great success. Yesterday was the day set aside in which all of the members of the club were to go and donate a days' work on the road between Cloverdale and Hopland and thus put it in shape so that autos could get over the road easily. Yesterday morning some 35 men left here on the early morning train in charge of Supervisor Lawson and they went to Pieta where several teams were in waiting to distribute the workers along the road. A number of men joined the crew at Hopland, so it is evident that some good work was done on the road. Teams were at hand to assist the workers in many ways. Scrapers, split log drags and various devices were used, to put the road in shape.

Suvpervisor Lawson will follow this work up by putting the entire road that is his district in good shape. The narrow places will all be widened and the rough edges taken off the rough places so that no one need turn back when he gets to Cloverdale. The road is a beauty from a scenic standpoint and no doubt many auto parties will come this way this year.

Last Tuesday J. B. Sanford, Willie Cox and Mr. Bever went over the road from here to Cloverdale in Mr. Sanford's new automobile, the object being to place a number of signs along the road to guide the stranger. The distance was measured and some 25 signs located. While at Hopland, some 11 men agreed to donate a day's work on the road on good roads day, and two were secured at Cloverdale. Ben Noonan sent $10 to Mr. Sanford to be used on the road, and taken all together the trip was productive of much good The people of Cloverdale agreed to help the good movement and informs auto parties that the road was open for pleasant traveling and thus induce all to come this way.

Transfer Completed

The transfer of the Handley ranch on the Mendocino road, mention of which appeared in last week's Dispatch, was completed the first of the week and the new owners have taken possession. On Tuesday W. P. White, who is to have charge of the property, brought up his family, consisting of his wife and three children, and moved them out to the ranch.

The company is to have an office on Market street in San Francisco and everything possible is to be done to advertise the resort and make it popular. Mr. White has unlimited experience in the conduct of such places and the fact that he has the management of this resort bespeaks for it a reputation for good service second to none in the state.

Old Hopland Resident Dead

W. A. Harvey, for the past 20 years a resident of Hopland, living on the old Broback place near there, died on Monday last, of paresis, aged 69 years.

Mr. Harvey was an old pioneer of California, coming to this state 50 years ago from Vermont, where he was born.

Funeral services were held at the residence of the deceased on Tuesday, and on Wednesday the body was shipped to Petaluma for burial. A widow and four children survive him.

Candidates for Sheriff

The crop of candidates for sheriff is becoming smaller each day. For awhile there was a field full of Republican aspirants but now it seems that most of them have retired, leaving the field to R. R. Byrnes and Fred Barton. On the Demoratic side it seems to be a general opinion that Bill Ornbaun can have the nomination if he wants it. If Bill does not run, rumor has it that Ed Conway, Will Standley and B. M. Bucknell and D. H. Lawson will enter the race for the nomination.

Mrs. Lucy Seawell's many friends are glad to learn that she is once more able to be about after a several week's siege of rheumatism.

HELP WITH THE COUNT

Give Every Aid in Your Power to the Census Enumerator in Order to Receive Credit

It is vitally important to the progress of Mendocino county that the coming census shall show the true conditions therein and to that end all persons are requested to give the enumerators every help in their power.

Hitherto Ukiah has never been able to show a census population of more than two-thirds of what it should be. Many people were out of town at the time the last census was taken and of course their names were never taken at all. See that this is remedied this year. If you know thof any one temporarily absent tell the enumerator about it. Help him to get every item that will tend to show the true conditions in this town.

The same advice is pertinent to the whole county and all good citizens are asked to exert themselves on the following lines, as it is only through general co-operation that the best results can be obtained:

See that every person with whom you may come in contact understands the importance of the census and what the census enumerator wants when he goes to their homes, and above all things let each person constitute himself a committee of one to see that his own family, as well as every one else he can reach, shall appear on the census roll.

Special effort should be made to give abroad the fact that there is nothing in the questions asked by the enumerator that will not be for the good of the state, and such data will not be used for the injury of any person.

Everyone whose permanent abode is in this county should be enrolled, even though he or she may be away at the time the census is taken. This includes business men away, traveling salesmen, children at school, and any others who may be out of the county at the time the census is taken.

Following is a list of the personal questions that will be asked by the enumerator. Don't get angry at them, for they will be the basis of vital statistics and correct answers are of the utmost importance:

Names of all persons alive on April 15, those born subsequent to that date not included.

Name of each person whose home was with the head of the family on April 15, and whether wife, son, daughter, boarder, servant, etc and sex, color or race.

Age at last birthday prior to April 15.

Whether single, married, widowed or divorced and number of years of present marriage.

Mother of how many children and number now living.

Birthplace of each person also father and mother.

If not born in this county give year of immigration to U. S. and whether naturalized or alien.

Whether able to speak the English language or if not what language is spoken.

Trade, profession or particular kind of work engaged in, as employer or employee, whether out of work April 15, and number of weeks employed during 1909.

Whether survivor of the union or confederate army or navy.

Whether blind in both eyes, deaf and dumb.

The following enumerators have been appointed in this county so far as we have been able to ascertain to date;: Al Malpas, Ukiah city; Lawrence Gracey, outside of Ukiah and in that towship; George E. Shinn, Potter valley; H. A. Thompson, Hopland; Miss Mable Saxon, Willits; Cecil Carlyle, Little Lake township outside of Willits; M. S. Scott, Point Arena; F. W. Slack, Arena township outsid of Point Arena; W. F. Fuller Forte Bragg.

J. S. Waugh has purchased a laundry in Healdsburg and has placed A. C. Sankey in charge as manager. W. H. Cooper has gone down to drive the wagon for the laundry and young Cheesebro will have charge of the engineer's department. Mr. Waugh will continue to run the steam laundry here also.

IS FOUND DEAD IN HIS CABIN

Carl Yans, generally known as Charles Johns, died at his cabin in Reeves Canyon last Saturday morning. A fishing party from this place consisting of Hugh Cox, Everett and Jack Holliday, Ben Melton and A. H. Ewert, were staying at the cabin at the time and according to their statement Yans was acting as if somewhat indisposed the evening before his death. He finally went to sleep with his arms crossed on a table that was in the room his head resting on his arms. The boys retired without disturbing him and in the morning when they attempted to awaken him found that life was extinct. The coroner was notified and Hutchison and Roeder went up after the body. The coroner's jury returned a verdict of death from natural causes.

Yans was a native of Germany and was about 60 years old. Very little is known of his antecedents but it is thought that his relatives in Germany were well to do, as he several times received large sums of money from them.

JUDGE J. A. COOPER ON A FISHING TRIP

Judge J. A. Cooper and wife came up from the metropolis last Friday and spent two days here fishing. The Judge and his wife are expert anglers nd have returned to this county to fish every year since leaving Ukiah. They went up to the "dam" Saturday and Mrs. Cooper caught three fine steel head trout, one of which weighed 6½ pounds. She beat the crowd that day, but next day the party went up to Walker valley, the Judge's favorite fishing place, and he carried off the honors. They returned home Monday.

Speaking of politics, the Judge said that he was not particular whether he ran for reelection to the Appellate judgeship or not. He was inclined to take a trip abroad this year and if things did not shape to suit him, he would not be a candidate.

Guy Redwine for Surveyor

In this issue of the Dispatch will be found the announcemet of Guy Redwine, who seeks the nomination for county surveyor at the hands of the Democratic voters.

Guy has filled this office for the past four years and has always been found on the job and thoroughly competent in the fulfillment of his duties. He is well known throughout the entire extent of the county and has many friends who will boost for his nomination and for his election of nominated. So far he is the first in the field in either party to announe a candidacy for this office and he stands a good show both for nomination and election.

Trout Season Opened Friday

The trout season opened last Friday and judging from reports anglers all over the county were out to enjoy the opportunity. The water is too high yet in most places to ensure good sport but those who went to the small streams among the mountains report good catches. In a few weeks, after the water has gone down somewhat, better results will be obtained. Many who were unable to get away Friday and Saturday took their try at the diversion on Sunday. Several crowds from Ukiah went out Thursday and camped all night in order to get on the job as early as the law would allow.

New Picture Show Opens

Themoving picture show inaugurated here by J. A. Yakel and C. A. Clayton opened Tuesday night under the most flattering auspices. There was not even standing room to either performance.

Mr. Yakel's chief object in starting this show is to get control of the vaudeville circuit on the line of the N. W. P. railroad, and later he will put a vaudeville show on in connection with the pictures.

The change nights for this show are Sunday, Tuesday and Friday. A children's matinee is given every Saturday afternoon.

John Byrnes was visiting relatives in town this week.

STEAM SHOVELS NOW AT SHIVELY

One steam shovel is throwing dirt and the other will begin work within a week at the Shively tunnel, where railroad operations are being prosecuted with more than a hundred men at work. The big steam shovel is at the scene of operations but in the shipment of it from San Francisco a necessary part of it was in some way left behind. Until this arrives the big shovel will be unable to operate.

The little steam shovel has worked around the bluff a distance of one hundred and fifty feet. This shovel throws out the dirt only track wide. The big steam shovel is to clear the debris the entire width of the right of way.

The portals of the tunnel itself have been opened and on one end the tunnel has been timbered a distance of half a hundred feet.

It was Friday last that the first shovel of dirt was moved by steam shovel. Since then the smaller shovel has been working constantly.

OLD TENNESSEE HONORS PRESTON

Mr. H. L. Preston, father of John W., Hugh and Howard Preston, was elected to the State Senate at the election in Tennessee last week. Mr. Preston is a sterling Democrat and ran away from his opponent in great shape. He visited in Ukiah for several months some three years ago and made many friends here, all of whom will be glad to hear of the honor thus conferred upon him. The Preston family is a remarkable one and many honors are yet in store for them. If John W. Preston will only say the word, he will be the Democratic nominee for Congress and will be elected by a rousing maority.

WILL COMPETE WITH OVERLAND STAGE CO.

According to advices received here the first of the week, the Overland Stage company is to have opposition on its line to Humboldt county. The new line is to be conducted by Fred Scott, of Reno, Nevada, who was through this section lately looking the ground over. He found prospects favorable and on June 1st he will begin the operation of a daily automobile stage service from Ukiah to Carlotta, thus running opposition to the Over land Auto company, which will operate cars from Sherwood to Elinor.

The Overland company expects to have its cars running by the first of May.

The defense alleges that the plaintiff loaned the money to R. H. Todd to conduct a gambling game with. Later R. H. HEED THE WARNING

Many Ukiah People Have Done So.

When the kidneys are sick they give unmistakable warnings that should not be ignored. By examining the urine and treating the kidneys upon the first sign of disorder, many days of suffering may be saved. Sick kidneys expel a dark, ill-smelling urine, full of "brick dust" sediment and painful in passages. Sluggish kidneys cause a dull pain in the small of the back, headaches, dizzy spells, tired, languid feelings and frequently rheumatic twinges.

Doan's Kidney Pills are for the kidneys only; they cure sick kidneys, and rid the blood of uric poison. If you suffer from any of the above symptoms you can use no better remedy.

Ukiah people recommend Doan's Kidney Pills.

J. H. McPeak, 903 W. Clay Street, Ukiah, Cal., says: "I procured Doan's Kidney Pills at Mathew's Pharmacy and they relieved me greatly when I was suffering from kidney and bladder trouble. An account of my experience was given for publication in 1907 and at every opportunity since then I have spoken highly of Doan's Kidney Pills."

Mr. W. G. Bohannan
Editor Town and Country Journal
San Francisco, Calif.

My dear Mr. Bohannan:

I regret there is no appropriation by which your very excellent paper, the Town and Country Journal can be placed in the hands of the teachers and children of the state, to encourage and stimulate them in the study of agriculture in its various departments.

As you no doubt are aware, gardening, farming, fruit and poultry raising are attracting more and more attention in educational circles. It is found that they develop a love for the beautiful, teach economy in domestic life and serve to make the home more attractive and agreeable. At many schools the children have a little plot that they are taught to cultivate, and they learn even if it be in a primitive manner, the elements of agriculture and gardening.

Your publication devotes so much space to these matters that it really could be used with advantage as a text-book in nature study, supplementing the books on those subjects now in use. Since, however, there is no appropriation that could be used for the purpose of placing it in all the schools I hope that—the price being so nominal—most of the schools will see the advantage of taking Town and Country Journal themselves and of using it to develop among their pupils a deep interest in out door life.

POINT ARENA AND VICINITY

A Resume of South Coast News Taken From the "Record"

George Munroe, who runs the Cliff place for the L. E. White Lumber Company, had a dangerous but lucky runaway with his team on the 24th. He had the horses hitched to a spring wagon standing back of the company's store at Greenwood. Something frightened them and they ran away. They kept the road until they reached the pond, when they went straight over the enbankement into the pond some 250 feet below. Fortunately neither of the horses were hurt, and the wagon was but little damaged.

F. C. Drew and E. B. Salsig came up from the city last Saturday, made a flying trip to the woods and returned to the city on the same vessel—the Alcazar, which sailed that night.

F. W. Slack has received his appointment as census enumeraor of this district, comprising all of Arena township except this city. Fred did the work before and is onto the job.

M. S. Scott has received his appointment as Census enumerator for the Second district, comprising Point Arena.

In speaking with Col. Babbitt the other day, while walking through his spacious grounds, asked him why it was that his poultry looked so healthy, they being some of the healthiest-looking birds I had seen during my travels. "Well, George," said he "that is easy. First of all, give them plenty of room, a large run is essential to good health. Secondly, my orders are to mix in their mash their regular allowance of Manhattan Poultry Food, Red Ball Brand. Thirdly, keep the vermin down by spraying the poultry house with Napthal-Kali Poultry Spray; and fourthly, do not overfeed them. This is the whole secret of my success with keeping poultry in the healthiest condition. By feeding the Manhattan Egg Food I keep them healthy. Thus they lay more regularly, as my books will substantiate. I have tried all kinds of so-called egg-makers, but it remained for the Manhattan brand to convince me that it was the best of its kind." UKIAH 25 AND 15 YEARS AGO

What Was Going on in This Community a Quarter of a Century Ago

Supervisor J. G. Foster was prevented from attending the meeting of the board this month on account of sickness.

Five years ago, H. A. Peabody assumed control of the Dispath, and four years ago consolidated the two Democratic journals of Ukiah into one—the Mendocino Dispatch and Democrat.

California has been awarded three sweepstakes gold medals against the world for the best varities of citrus fruits; also two gold medals, eleven silver medals and thirty premiums.

The board of supervisors have been in quarterly session this week and have had a mass of business to attend to covering three months' work. A great many people are in town from different parts of the county.

Things Occurring in Ukiah Fifteen Years Ago

Ed Sanford heads the list of hop pruners this year. He and three assistants pruned 12 acres of hops in four days, Ed alone pruning 780 hills in a day.

Con Starr died at Noyo of pneumonia last week.

George E. White, the Round valley cattle king, was in town on business this week. He still suffers from the effects of an accidental shot received in his foot from his own pistol at San Francisco several weeks ago, and walks with the greatest difficulty.

E. L. Holliday, of Santa Cruz, is circulating among old time friends in town.

Muir and John Buckingham, who went to San Francisco to confer with parties about the prosposed Low Gap railroad, had a very satisfactory interview. A complete understanding was arrived at, the substance of which will be made known at the mass meeting to be held at the Court House Saturday evening, April 12th.

Supervisor A. G. Ruddock, of the First district, died at his home near Philo on April 7th, after a lingering illness. Deceased leaves a widow, ten children and several grand children. He was elected supervisor of that district in the fall of 1892.

Miss May Eddie eldest daughter of Mr. and Mrs. Wm. Eddie, died in Potter Valley last week after a lingering illness. The funeral was largely attended, not half the people being able to gain admission to the church.

The proposed new railroad from Fort Bragg to Willits is now agitating the people of the two towns named. Mass meetings have been held at both places and an effort will be made to get the road.

The death of Supervisor Ruddock has left the board of supervisors dead locked. Smith and Wattenberger stand together and Flanagan and Duncan have combined. The dead lock will remain till Gov. Budd appoints a member to take the place of Ruddock.

GENTLEMEN'S ANNEX ENTERTAINS LADIES

The Gentlemen's Annex of the Cultus Club extended the ladies of that club a most charming evening's entertainment on Friday, April 1, beginning at 9 o'clock P. M.

The event was particularly conspicuous for the absence of anything like ostentation or that lavish display that is so disastrous to good taste. A strength and simplicity purely masculine distinguished every feature, a note so attractive to the feminine taste.

The feature of the evening was a banquet "Of all forms of entertainment, a banquet," to quote one of the speakers, "the most conducive to well-chosen words," and when the amber current of conversation was liberated about the attractively appointed table the scene at once became annimated. Add to this the beautiful gowns of the ladies, mingled with rare and delicate flowers and "chatoyant" becomes the only word indeed, truly expressive of all that was sensed. The ladies of the club feel especially complimented in that they were extended a form of entertainment which invited them to a share in the mystery's and fascination of beautiful words; people who do not make a study of words lose half the pleasures of life. The annex consists for the most part of men of brilliant attainments and the ladies justly feel much pride in this, their latest achievement.

W. P. Thomas was the speaker of the evening and in response to the Master of Ceremonies, J. W. Eversole, was truly eloquent. Many beautiful things, distilled in the alembic of his wit were passed to the ladies; it was as if "he the singer, they the song." He proved a most exquisite singer too. Mrs. J. W. Eversole responded in the same happy spirit.

Mr. Robert Duncan, Mr. Howard Preston and Mesdames Case, Weldon, Malpas and Barker also added to the evening's entertainment by way of remarks apropos of the occasion.

In passing it is a pleasure to say that the table service was rendered by three Ukiah girls, with such adriotness and lack of blunder that they are deserving of the highest compliment.

MAY ESTABLISH A RETAIL STORE

At a meeting of the directors of the Ukiah Creamery last Saturday the secretary made his report of the month's business showing that during the month 3285 pounds of butter had been sold. 2519 pounds were shipped to San Francisco. Acording to the figures of the secretary, it costs more than two cents a pound to market butter in San Francisco including freight, drayage and the charges of the commission merchant. For instance the secretary showed one return for a shipment of $77.00 worth of butter and from this was deducted $7.00 for the above named charges. That the butter is first class is shown by the fact that the top market price has been received for every shipment made during the past month. Most of the parties delivering cream seem to be satisfied with their returns but a few are complaining that they should have more. The above statements may show some of the reasons why a higher price cannot be paid to the producer. The Creamery is paying the producer everything above actual running expenses and has as yet set aside no part of the income for dividends to stockholders. The management has followed this policy since the establishment of the creamery in an endeavor to foster and build up a valuable industry to the community, for the reason that no stockholder had more than a few hundred dollars invested, and all have been willing that the profits go to the producer of milk until the business increased suffiiently to warrant the setting aside of a reasonable dividend to those who financed the project in the beginning.

In view of the above conditions the Directors believe the only way to get their butter on the market in Ukiah is to open a retail store of their own with a delivery wagon and sell fresh butter direct to the consumer at the current retail prices. Another meeting is to be held shortly to take action on this proposition. X.

Our Millionaire Senators

A great many people wonder why it is that all legislation calculated to benefit the people is always turned down at Washington, and in the Senate. The reason is obvious. The United States Senate is simply a millionaires' club. The Senate instead of representing the people represents "special interests." Below will be found a list of a few of the exceedingly weathly:

Guggenheim, of Colorado	$50,000,000
Elkins, of West Virginia	25,000,000
Stephenson, of Wisconsin	20,000,000
Warren, of Wyoming	15,000,000
Nixon, of Nevada	15,000,000
Depew, of New York	15,000,000
Oliver, of Pennsylvania	15,000,000
Crane, of Massachusetts	10,000,000
Aldrich, of Rhode Island	10,000,000
Wetmore, of Rhode Island	10,000,000
DuPont, of Delaware	8,000,000
Hughes, of Colorado	5,000,000
Kean, of New Jersey	5,000,000
Lodge, of Massachusetts	5,000,000
Scott, of West Virginia	5,000,000
Bourne, of Oregon	5,000 000
Smoot, of Utah	5,0000,00
Newlands, of Nevada	5,000,000
Hale, of Maine	3,000,000
Root, of New York	3,000,000
Brudeghee, of Connecticut	3,000,000

Besides the above list there are eight more that are presumed to be worth over a million dollars each. There are a few of the Senators who are very poor, especially a number of those from the South. Many of these help out their incomes during the recess by lecturing under the auspices of some literary or lecture bureau. No change can be expected until the method of selecting Senators is changed so that the people may have a voice in the selection.

Give Credit To Whom Credit is Due

The Times this week says:

"Curry drew the graduated corporation filing fee law, and the corporation tax law. These laws have increased the revenues for California something more than $800,000 yearly."

Now, no one will object to Bro. Rhodes giving Mr. Curry credit for those things which he has done, but when he arrogates to Mr. Curry credit that belongs to another, it is time to mention the inaccuracies. The first graduated license tax law on corporations was introduced by Senator J. B. Sanford. It was drawn along the lines of the West Virginia law, and was finally made a law after a fight continuing through several sessions. The law was amended by the committee on Revenue and Taxation so that the revenue produced was about $800,000 instead of $2,000,000 as provided by the original Sanford bill. The bill that was introduced and passed and signed by the Governor bore the name of Senator Sanford, and no other bill of a like nature was introduced.

Mr. Curry, in a letter to Senator Sanford, Sept. 20, 1907, which was published in full in the Dispatch, acknowledged that Sanford was the author and sponsor of the bill, and gave a great deal of information that was read with interest.

Mr. Curry was not a member of the legislature and could not have had anything to do with the passage of the law, other than favor it, as any outsider might. His duty in connection with the law is simply to collect the license, that's all, and he is paid a salary to do that. Giving Curry credit for collecting licenses that are popular would be as sensible as blaming him for those collections he has to make that are unpopular.

Let Us Have a "Clean Up" Day

Spring has come in all its splendor and the valley never looked prettier. The yards and lawns around town are being put in shape and it would be a most excellent plan if everybody would turn out now and clean up the sidewalks and back yards. The Eagle convention is to be held here on May 16th and every one should clean up his sidewalk and back yard before that time, so that our visitors will leave with a good impression of our people and our city. Some few years ago the Ladies' Improvement Club took hold of this matter and by selecting a "clean up day" and advertising the matter thoroughly the whole town was put in a spendid condition in a single day. The grass was cleaned off the side walks, the back yards were cleaned, fenecs painted and everything put in a very presentable shape. Let us do the same thing this year and put the town is fine condition, to comport with the splendid decorations that the local Aerie intend to deck the town with. Ladies, "set the day."

Liars and Thieves--Which? Both!

David, the Psalmist, declared: "I said in my haste, all men are liars." If David had lived in Ukiah, he would have been in no haste in saying that. He could have said it at his leisure, and labeled it "Sundries etc,. via Dispatch."—Record.

Well, now wouldn't that jar you! All the news there is in the Record is a column of Court House notes clipped from the Dispatch each week; and last week Bro. Hanen even failed to credit his news to the Dispatch. We would hate to hazard a guess as to what the Psalmist would say of our Bro. when he has a "grouch on."

Senator E. O. Miller has made the announcement that under no circumstances will he become a candidate for the Democratic nomination for Governor. The opponents of Theodore A. Bell were unable to use the Senator against the brilliant young man from Napa. Senator Miller is a brilliant statesman and made a great record in the legislature and will no doubt be returned to that body without much trouble.

According to a dispatch from the East this week, a man was choked to death while eating a ham sandwich. Huh, no one out this way, under present Republican high prices of meat, has enough money to buy enough meat to get choked on. We are safe, thanks to Republican prosperity.

John Hofman is in the Hanenman Hospital in San Franccisco, having submitted to an operation. Johnnie has been troubled for years with one of his legs and it was necessary to submit to another operation. He will not be able to leave the hospital for some time.

The Bank of Ukiah building has received the final touches and is an extremely handsome structure. It is thoroughly up-to-date, both in equipment and architectural design and a few more buildings of a like modern type on State street will give that thoroughfare an entirely metropolitan appearance.

HAPPENINGS AT POTTER VALLEY

Potter Valley April 6—The funeral of Miss Annie M. Lamb, daughter of Mr. and Mrs. R. W. Lamb took place Wednesday afternoon at the M. E. church. The deceased was 14 years and 4 days old at time of death. Her illness was from brain fever and other complicated troubles. She had been sick for about 3 weeks and her death was quite a shock to the community. She had been a member of the M. E. Sunday school for several years. Sympathizing friends numbering about 200 crowded the church and followed her remains to the cemetery. Rev. W. A. Wilson conducted the services. Many beautiful floral decorations were contributed by friends of the family living in the valley and at Ukiah.

Easter was fittingly observed in both the churches which were appropriately decorated for the occasion.

John Gavin and Azer Wattenberg had a thrilling experience one day last week while travelling in the mountains west of town. The horse shied and backed on a narrow grade and went over a precipice down about 75 feet into a gulch. The boys jumped just in time to save their lives, but the horse and buggy reached the bottom all mixed up. The horse was got out but much scratched up. While the harness and buggy were put entirely out of commission.

Mrs. A. Watson was called to Ukiah Sunday on account of the illness of her daughter Mrs. Jamison.

Another meeting of the citizens was held at Grange hall Saturday night for further consideration of the irrigation question. It is expected to have the project assumes practical form in the near future.

Howard Brooks was accidentally kicked by a mule recently and his leg was broken just above the knee. The broken limb was set by Dr. Crittenden.

Good Work on the Roads

The supervisors on this side of the mountain are very busy with their crews working on the roads. Supervisor Saxon has ten different crews out at work and expects to have his roads in good shape by the end of the week. Supervisor Smith has also been doing some good work. The roads to Low Gap and Orrs will be put in good shape by the end of the week, and this will complete most of the work in his district, except a few finishing touches here and there. Supervisor Lawson has had all his force out at work, too, so that there will now be good roads all over the valleys in a few days. The work on the roads south to Cloverdale will be rushed to completion so that auto parties may get up here with ease this season. The coast supervisors are also busy the same way and every thing will soon be in tip top shape for travel.

Fort Bragg's New Garage

On last Friday the Fort Bragg Garage and Machine Co. opened for business at its new garage on Main street in Fort Bragg. The company is incorporated for $10,000, $5,000 of which has been placed on the market and suscribed exclusively by local people. The directors and stockholders of the company include some of Fort Bragg's most prominent business men.

The company will carry a full line of auto supplies, gasoline and lubricants and the garage is equipped with an up-to-date repair and machine shop where all kinds of repair work will be done in a careful and efficient manner. The company has also secured the agency for several leading automobile companies.

The couple were married on March 26th and had been spending their honeymoon in the city. Mr. Wheeler holds a responsible position with the L. E. White Lumber Co. at Greenwood and Mrs. Wheeler is a sister-in-law of Supt. Sam McCanse, of the same company.

Best Meat

Is always found at the City Market. C. P. Smith, the proprietor, has been in the butcher buisness in Ukiah since 1873 and knows the business from the buying of cattle to the cutting of the choicest portions for particular customers. The mere fact that he has been in business for 36 years is in itself a guarantee of the quality of meats he handles and that during all these his customers have received a square deal. Thirty-six years in the buisness also insures that he knows the men who raise choicest steers, the fattest hogs and the best sheep and he has standing contracts with them so that no matter what the weather conditions are or what the market prices may be his customers are insured the best meat at a reasonable price. If you have any doubts as to the value of 36 years experience recall the many butcher shops that have opened in Ukiah during that time and that have gone out of buisness for one cause or other. The only one left today under the same management is
